**April 28 - 29, 2018
Vancouver, BC**

featuring

Farokh Master

***Insights into Serious
Pathological Diseases and Homeopathy***

Farokh Master brings us new cases including those involving advanced cancer management as well as neurological and auto-immune diseases. Farokh focuses on serious pathologies of all ages, providing clinical insights and tips from his rich clinical practice. His teaching approach involves in-depth case analysis, differential diagnosis of the remedies, and particularities of the case to explore the patient's deepest core issues.

This two-day seminar will expand our understanding and practical use of homeopathy, as well as enhance our awareness of treatment and management options involving a range of complex pathological diseases and conditions.

Known as India's first homeopath to also graduate as a Doctor of Medicine, Farokh Master is an internationally-acclaimed homeopathic physician, author, and lecturer. Widely respected as an insightful and effective teacher, Farokh emphasizes the essential importance of a thorough understanding of traditional homeopathic philosophy and extensive experience in the study of materia medica.

We welcome you to join us at this rare opportunity to study in Vancouver with this leading homeopath and inspirational instructor!
