Online Practitioner Profile Pages

West Coast Homeopathic Society offers all our Registered and Associate members the exclusive option to sign up for online **Practitioner Profile Pages**, giving you a low cost online presence to help promote your practice. You get a professional-looking webpage without the hassle of working with a web designer or the frustration of learning how to design a website yourself — at only a fraction of the cost! Even if you already have a website, this additional “web presence” will help to raise your profile on the internet.

Practitioner Profile Pages provide an easy and inexpensive opportunity for you to introduce yourself to the public and describe what is unique about you as a homeopath and your approach to homeopathy. You can print your unique Profile Page url on your business cards and professional literature. Or you can use social media (such as facebook) to link to your Profile Page.

A typical website costs a minimum of several hundred dollars a year for the domain name and web hosting, not to mention design and layout costs that can arise. But your WCHS Practitioner Profile Page costs much less: **\$60 for set-up & the first installment** (renewal due July 1, 2018); **\$80 for a double installment** (renewal due July 1, 2019); or **\$100 for a triple installment** (renewal due July 1, 2020).

Note that the renewal dates always fall on July 1, regardless of when you sign up for your Profile Page. After you’ve confirmed the final version on the website, you also are entitled to 2 updates per year, arranged by contacting us at homeopathy@wchs.info.
